# SO YOU WANT TO BE A KE CAMPS COUNSELOR.

Being a KE Camps Counselor is hands-on, high energy, and has many important responsibilities, including:

### **CAMPER RELATIONSHIPS**

## PARENT RELATIONSHIPS

While your Camp Director will be handling much of the parent communication this summer, families want to get to know you! At drop-off and pick-up each day, you'll greet families (getting to know them by name!), provide quick updates about the day, and chat with them a bit, too!

### STAFF RELATIONSHIPS

# CAMP ACTIVITIES AND PROGRAMMING

In addition to participating in all camp activities - including swimming every day - you may also have opportunities to lead activities throughout the day as well! As you get to know your Camp Director, let them know if you have interest in taking on these sorts of leadership roles.

You'll be tasked with infusing camp with tons of spirit - your campers will look to you to be a leader in this way! Whether that means dressing up for Wacky Wednesday and Friday Funday, participating in the KE Camps Cheer each morning, and embracing Thankful Thursday projects, campers will look to you for guidance.

At golf/tennis, you'll be supporting the Club's Pros to ensure campers are engaged in their lessons, with safety (especially with golf equipment!) at top of mind. Your encouragement of campers during these athletics will go a long way in creating a positive experience for them.

At pool, you'll be assisting your Camp Director with swim assessments and general pool safety policies, ensuring everything is running smoothly and according to plan. You will be in the pool with campers, remaining fully engaged throughout the duration of swim time. While swim time is very "policy-heavy", it is also one of the most fun times of the day!
